

PurityWorks®

INTERNATIONAL REPORT • UKRAINE, November 2008

Randy and Jennie were privileged to return to Ukraine this November to host a **second Planned Purity seminar** with Almaz Church and to assist with a **missions conference** as liaisons to Ukraine from Northland Church.

Randy and Jennie with Pasha

The seminar had another large turnout and included some **exciting stories** from the first Planned Purity event two years ago. A young man named **Pasha** was breathless with excitement as he related his story: He had attended the conference and shared all his notes with a girl friend studying in Germany. Through this exchange, they decided that they were to marry, and made plans to save their first kiss for their wedding day. They guarded their kisses carefully right up to their wedding day, and **exchanged first kisses in that ceremony just a few months ago!** Pasha's story was definitely a highlight of this trip. Planned Purity really does work!

Prior to the seminar, **Planned Purity facilitators were also trained** with laminated copies of the "Household of Purity" diagram we use in seminars. These facilitators will have **the opportunity to train others after we leave**, even during trips to countries surrounding Ukraine.

Another highlight of this trip was a visit to **The Ark, a facility where orphans are reunited over time with parents or placed into new families.** (see www.kievkids.wordpress.com) Children who are found on the streets or living in the underground pipe system can come to The Ark and start a completely new life. **Jennie read from her books and also taught on purity of heart** to a very attentive group of children. Our hearts continue to go out to the many children of Ukraine who are looking every day for hope and homes. **Next year the Bishops will be assisting as hosts to another orphan camp in Ukraine.**

Jennie reading to orphans at

Randy and Jennie were also able to assist at a missions conference through **Randy's music and Jennie sharing how PurityWorks began.** Many women were encouraged by her personal story during a special seminar at the event. During the conference the Bishops met with many Ukrainian leaders from Kiev as well as **Leon Oosthuizen**, a speaker from South Africa. **PurityWorks will be traveling to Pastor Leon's church next year to assist in purity training there and in other South African churches.**

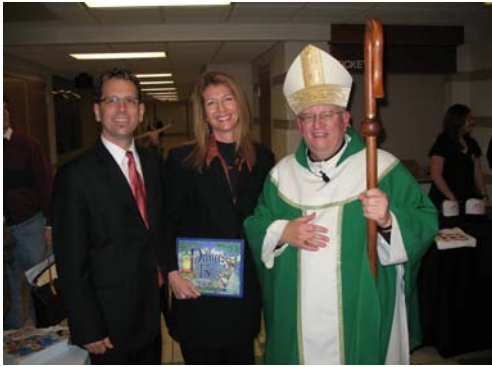

Randy and baby Marta,
daughter of Olya and Sasha

Another very important part of this trip was continuing to **build relationships and assist Ukrainian friends in leadership.** Through some simple acts of babysitting and child care, leaders were allowed to spend time with their families and receive help and friendship in their day-to-day lives. This **one-on-one meeting of needs** is very important as PurityWorks continues to care for individuals pursuing purity and leading others on the field.

OTHER NOVEMBER EVENT UPDATES

GREEN BAY “POWER OF LIFE” CONFERENCE

Randy and Jennie with the Bishop of

Jennie taught a simplified version of Planned Purity at this Catholic conference. **Listeners commented on how much Planned Purity concepts coincided with the view of Pope John Paul II in his Humana Vitae (Theology of the Body).** During this amazing interchange, the Bishops met the Bishop of the Green Bay diocese, who was very excited about the Life Lessons curriculum. **A number of educators from Catholic schools are considering using the books and Planned Purity concepts with their students.**

BARRIE, ONTARIO PLANNED PURITY SEMINAR

Over 100 people gathered for a Saturday Planned Purity seminar in Barrie, **hosted by a forward-thinking crisis pregnancy center with a vision to train parents in purity.** This was our first Canadian effort, and the response was overwhelming. Plans are being made for **a return trip which may include training for volunteers in a number of crisis pregnancy centers.** This would give new mothers a great foundation for purity training. PurityWorks hopes to create partnerships with many centers in Canada and the US.

Jennie on the set with the ladies of

Jennie was also able to **interview on 100 Huntley Street**, a well-known TV station in Canada. She appeared on the Friday edition, Full Circle.

TEXAS MOTHER/DAUGHTER WEEKEND

Jennie and Robin with Jared and Ben, sword choreographers

Jennie served as **keynote speaker for a mother/daughter event** in Big Sandy, Texas at the ALERT Academy, a center for search and rescue training. The event included not only purity training but athletic, craft and homemaking events. Robin Stanley and Jennie were able to encourage and train many moms and daughters in aspects of **purity and family intimacy.** AND they did the low ropes course – not bad for a couple of forty-somethings!

During the same trip, Robin and Jennie met with some sword choreographers from Tyler who are planning to do a dramatic presentation of *The Squire and the Scroll*. Requests continue to come in for dramatic versions of both this book and *The Princess and the Kiss*.

Thanks for your ongoing support! Visit www.purityworks.com for more information.
